

SGIs for sale! See my main site:

<http://www.sgidepot.co.uk/>

The O2 index is here:

<http://www.sgidepot.co.uk/sgidepot/o2.html>

System 13 on my O2 list is the only configuration aimed at hobbyists (warranty on the main CPU is five years, warranty on the 15K disk is 6 months, general warranty is 90 days). All others are primarily aimed at commercial buyers, but I can do alternative configurations, etc. on request.

Here is the main O2 information index on my main site, including O2 tech specs PDF, technical report, my benchmarks, architecture discussion, etc.:
